SUMMARY

Hard working web developer with a flair of creating elegant solutions with time to spare. I developed a financial web app, an ecommerce travel website. I tend to code things from scratch and bring ideas to life in the browser, watching my designs become creations.

PROJECTS

The Proffessional Hobo — *DigitalCrafts Team*   DEC 2018

https://khanhqvu.com/frontEnd/index.html
https://github.com/Khanhvu09/project_front-end

- The Proffessional Hobo is a travel web app that utilizes amadeus api to provide live flight, car rental and hotel information.
- Primary responsibility included implementing Amadeus API and rendering data to website.

The Budget Hobo — *DigitalCrafts Team*   JAN 2019

http://thebudgethobo.khanhqvu.com/
https://github.com/Khanhvu09/backendProject

- The Budget Hobo allows the user to link their bank accounts with the app to keep track of spending.
- The app also includes their own personal budget calculator to help budget as well.
- Primary responsibility included implementing Plaid API and rendering to website, design and styled bank page and also implement chart.js in the budget calculator.

EXPERIENCE

Eagle Vending — *Route Supervisor*   APR 2013 - SEP 2018

- Supervised and coordinated 15+ routes
- Responsible for route training and developing.
- Played an instrumental role in increasing customer and account satisfaction
- Machine maintenance; inspected machines to detect misalignments and wear; realigns and adjusts components; tests machine operation following repair
